“POSTMAN PETE” REACHES 25 YEARS SERVICE TO UPWOOD & THE RAVELEYS

“Postman Pete” was our front-page photo for the 63rd edition in December 2012 and now, 51 issues later, he finally takes centre stage again as the newsletter pays tribute to Pete’s 25 years of delivering the mail to the parish. This should have been our front page in April 2020 but Covid-19 had other plans and Pete was taken off the Upwood round. 18 months later he has been restored to us – we can once again laugh at his latest joke and the pets of the village can enjoy their treats. Happy delivering, Pete! Pete is photographed delivering to Upwood resident Maurice Hiscott in Helens Close.

22 nd April	Fri	Upwood Golf Society Play Day		Howard: 07770847953

Deadline for the February 2022 Newsletter is 15th January 2022

Well Doug & Geoff didn't let us down at our delayed 40th anniversary meeting on 27th September. Their representation of Sherlock

Holmes and Dr Watson was great, and their choice of instruments to 'play' the musical clues hilarious. Holmes use a Peruvian nose flute and Watson a kazoo to 'play' extracts from songs such as "Raindrops Keep Falling On My Head; Red, Red Wine; Memory; Please Release Me; Button Up Your Overcoat and Baker Street" – some of which totally confounded us. We had an hilarious evening sharing fun, friendship and some wonderful Tom's Cakes cupcakes as we have done now for over 40 years.

On 18th October founding member Jean was on hand to help us create little houses or bungalows as decorations for our Christmas trees. However, some members felt that they would be equally useful as containers for gifts/sweets or even with a tea light inside (battery powered of course!) Thank you, Jean.

Our November meeting welcomed Pauline & Darren Williams, the founders of the Ramsey Informer. More details of their talk next time (when it has happened!) December is usually our Bring and Share members only meeting but 'the jury is still out' on what format the meeting will take. The only definite is that it will take place on Monday 13th December in the village hall. Our AGM will take place on Monday 31st January 2022 when we will be discussing a wide range of changes that might be implemented, if the membership agrees. Do come along and have your say.

As always, new members and guests are very welcome to our meetings so if you would like further details, please contact me on **814114** or **pndmcleod@btinternet.com**

Pauline

PARISH COUNCIL

This month sees the first edition of the Parish Council's own 4 page booklet, which is going to accompany the newsletter bi-monthly. The Parish Councillors decided that they required more space than the newsletter could supply without upsetting the balance of the publication, so the Parish Council was asked to produce its own leaflet. Critical dates pertaining to the Council will still appear in the diary of events. We hope that this solution will suit everyone's needs.

The Editors

UPWOOD AND THE RAVELEYS HISTORY GROUP

We have been really fortunate in that we have been able to stage the final two meetings of this year's programme. Mark Knight came in September and gave us a highly informative talk about what has been happening at the Bronze Age settlement at Must Farm since he last visited us. In November Emma West talked to us about the Saxon and Medieval life that has been discovered during the excavations around the route of the new A14. We live in a very rich historical area archeologically, and the members of the History Group have been extremely fortunate to be able to listen to such knowledgeable and interesting speakers.

Our programme for 2022 will start again on 16 March 2022. Please note there will be no meeting in January. Early in 2022 details of the planned programme will be sent to all members. Please contact the chairman, Ian Gaunt, if you would like further details of the History Group: email ian.gaunt@care4free.net or ring **710702**

The History Group account continues to hold the funding for the 2020 commemorative village seats. Currently the aim is to both install and pay for the seats in the Spring. Thank you to everyone who contributed in any way to enable this project to come to fruition, and to those who will facilitate their installation.

ALL PROCEEDS TO MAGPAS AIR AMBULANCE

Upwood Primary Academy

It's been a fantastic Autumn term at Upwood Primary Academy, with lots of amazing learning and fun activities. We launched our Reading Olympics in September, a competition to increase the reading children complete outside school. This was a huge success, with 71 pupils participating and winning individual prizes. Our overall house winner was Emerald House, which was awarded the reading trophy!

We also welcomed a visit from StarLincs Mobile Planetarium. The company brought an inflatable dome big enough for whole classes to sit in and view exciting displays of the night sky. The children all enjoyed the experience which supported Year 5 and 6's space topic. Year 3 took part in an activity to (virtually!) buy fruits from Edward's Farm Shop, in Upwood Village, to make rainbow fruit kebabs. The pupils budgeted for their fruit and investigated the origins and how far it had travelled. They enjoyed tasting the wide variety of flavours and textures when the fruit was delivered. Our healthy eating theme continued with generous donations for our Harvest table, which were donated to Ramsey Food Bank. KS1 children learned about different pumpkins and squashes, comparing weight and size and how to carry them safely. The children enjoyed designing posters for our whole-school E-safety competition. We do a lot of work around the importance of staying safe online and had lots of excellent entries. A prize was awarded for the winning entry and the poster will be displayed in school.

We've been doing lots of lovely Christmas activities. Year 3 recreated the nativity using lolly sticks to decorate the school Christmas tree. We painted dinosaur decorations after reading Tom Fletcher's *The Christmasaurus*, and the children are looking forward to the lovely Christmas events we have planned. Overall, it's been a busy and fun start to our school year. We'd like to thank our amazing staff, parents

and the wider community for their outstanding support and commitment to our school.

To find out more about Upwood Primary Academy, visit: www.upa.education or find us on Facebook or Twitter.

Katy Condon

Where in Upwood Village could you see this Harry Potter pumpkin at the end of October? Turn to page 14 for the answer.

The Great Fen team had a truly brilliant day with the families who joined us in half-term to discover the wonderful world of arachnids. We not only found some super spiders but also spotted giant yellow centipedes, beetles that mimic ladybirds, leopard-spotted slugs and loads of other interesting insects. The crafts the children created were very impressive and have got us all thinking about how we can make eco-friendly decorations for Christmas. We'd love to hear your ideas!

We're also looking forward to some exciting events in 2022, including BBC's The One Show presenter, Mike Dilger, joining us for a fascinating talk in February on his 'Wild Lockdown' at The Burgess Hall in St Ives.

In March we'll be hosting ABBA Chique and the Starlight Roadshow disco for a fantastic night out raising some 'Money, Money, Money' for the Wildlife Trust BCN. Why not buy a ticket as a

present for someone this Christmas?

Upcoming Events:

Willow Wreath Making

Enjoy a guided walk around the Ramsey Heights nature reserve collecting natural materials to make your own festive wreath decoration.

- 8th, 12th & 17th December, 10am or 1pm.

- £10 Wildlife Trust BCN members, £15 non-members.

Please remember that pre-booking is essential, and all events will need to be booked online. Please visit www.wildlifebcn.org/events to check on the latest events for all seasons or call **710420** for more information.

Danielle Page

THE CROSS KEYS

The Cross Keys PH is holding a festive quiz on Thursday 16th December. Please refer to the Cross Keys' Facebook page for details.

ROTARY SANTA FLOAT

Saturday 11th December: Farm Close, Barley Way, Ramsey Road, High Street, Ailwine Road, Moss Close, Royal Oak Close, Church Lane, Thatchers Close, Helens Close, Bentley Close, Meadow Road.

Gillian Rayment, Ramsey Rotary Club

MESSAGE FROM HOWARD

If you haven't already done so, please order your Upwood Golf Society polo shirt from Howard. The time is rapidly approaching when the society's shirt order has to be submitted.

If you need any information re payment, size etc please contact **Howard** on **07770847953**

A date for your diaries: our next "play-day" is on Friday 22nd April 2022. More details next year.

CRAFT & CHAT

This friendly group meets on the last Tuesday of the month in Upwood Village Hall at 2pm, but not in December! Our aim is to have a good natter whilst we do a bit of crafting. Originally the Quilt Group, all crafts can now be seen taking shape under the skilful fingers of the members. There is always someone on hand who will be able to help if you get stuck or if you want to learn how to do one of the crafts "on show".

The members help set out the tables and chairs at the beginning of the meeting and to clear up afterwards, as well as taking turns (usually one or twice a year) to prepare and serve refreshments.

Our next meeting will be on Tuesday 25th January 2022 so why not start a new hobby in the new year or come along and share your crafting skills with the rest of the group? You are sure of a warm welcome.

For further details please contact Heather on **814432**

UPWOOD TABLE TENNIS CLUB

We are back to 'business as usual' on Tuesday evenings from 7.30pm and Wednesday afternoons from 2.30pm. It costs members and visitors £2 per session and players of all standards are very welcome to attend. We generally play doubles but sometimes dedicate one table to doubles whilst the other hosts singles games – this depends entirely on the

number of people attending.

If you would like to play a game of 'whiff whaff' do come along to one of our sessions or contact our chairman, Jack, on **711511** for further details.

UVH PERFORMING ARTS EVENTS

Well, that's it then. After 13 years and 74 shows the curtain has finally come down on Upwood Village Hall Performing Arts Events. It began in November 2008 when it became part of the now defunct ACT (Arts in Cambs on Tour) scheme which provided subsidised acts to village halls across the county. The first act to be booked was guitar and Irish harp duo, Chris Newman and Maire Ni Chathasaigh. They proved so popular that they returned on two subsequent occasions in 2013 and 2015.

Chris Newman & Maire Ni Chathasaigh

Chris While & Julie Matthews

The concerts soon developed a loyal audience with the majority of the shows selling out. It wasn't long before UVH became known on the circuit as a venue where artists would receive a warm welcome and a receptive audience. Many of the musicians who have played at the hall over the years enjoy national and international reputations.

When the ACT scheme lost its funding in the autumn of 2013 the decision was made to try "going it alone" with booking artists directly through their agents or the artists themselves and concentrating on acts from the acoustic, folk and roots circuit as these had proved to be very popular with audiences when booked through ACT.

Canadian duo: James Hill & Anne Janelle

Steve Knightley from Show of Hands

Unfortunately, all good things must come to an end and during this autumn it became clear that many people were still not ready to return to these events. The final concert took place on Thursday 11th November featuring Irish singer and bouzouki player extraordinaire, Daoiri Farrell. He certainly gave us a grand send off.

A big thank you goes to everyone who has helped over the years. It has involved numerous people who have helped by organising things such as lighting, sound, raffle ticket selling, stage building, advertising (especially the Informer newspaper), refreshments, providing overnight accommodation etc. etc.

Daoiri Farrell

For example, Steve Knightley, Phil Beer and Miranda Sykes from the popular band Show of Hands all played at the hall on an individual basis and Chris Leslie of Fairport Convention performed here, as part of the seasonal band St Agnes Fountain, in December 2014.

*Tabitha Benedict from
Cup O'Joe &
Midnight Skyracer*

It has been a real team effort.

Doug McLeod

UVH Performing Arts Events

**UVHPA will be sadly missed.
“Thank you” Doug for bringing
such amazing artistes to our
village.**

The Editors

UPWOOD CRICKET CLUB

One of the highlights of recent years has been the Firework Display and party up at the club but we had to cancel again this year, at short notice, as the two display “managers” were not able to attend - one to urgent work demands and the other testing positive for Covid. Fingers crossed we will be more successful next year!

Things will be very quiet at the club over the next few months although we will continue

to open the bar every other Friday (please email me if you need to confirm which night). We will be looking at ways to improve the ground and facilities, as and when needed. We are also having a curry night in Ramsey on 20th December. More details are available if you are interested in attending.

We are very pleased to announce that we again have many juniors, both boys and girls, representing Hunts County again next year and they have already started their winter training.

George Buckle and Jacob Milner were both selected for trials for the Elite Player Programme, which is the next level up, by their county coach and we are delighted to say that Jacob had been selected for this – a great achievement! George and all the other county players will have further opportunities in future years.

We are looking to start up pre-season training indoors sometime after Christmas so please look on our website, in this newsletter and The Informer for more details.

Neil: npe.tuffin@gmail.com

RAMSEY CHORAL SOCIETY

We had the privilege of singing to a specially invited guest list on Thursday 11th November at St Thomas à Becket Church. We sang Faure's Requiem and a moving unaccompanied rendition of 'In Remembrance' by Eleanor Daley. It was so lovely to sing to an audience again.

We're now starting to rehearse for our Christmas Carol Concert on December 18th. We hope you can join us at 7:30pm at St Thomas à Becket. For tickets, please call **813572**. Tickets are £10.

Lynne Paul

ALL QUIET ON THE ALLOTMENT FRONT

It is still unseasonably warm. Whilst we are all still discussing the issues being debated at the COP26 conference in Glasgow, it would be interesting to know what plot holders think about how our changing climate and the effects of global warming have impacted on which crops have been successful this year and which have been problematic to grow. I wonder whether anyone has chosen to diversify from their usual choice of plants or varieties to encourage a stronger yield because of the changing growing conditions.

There are still many leaves on the trees, despite recent high winds. The colours, once vibrant and akin to that experienced on the east coast of America during 'The Fall', are now more muted and hang limply to the branches. All is still, save for a couple of plot holders tilling their area. Weak sunshine gave a warm glow onto the surrounding fields and trees in the distance as I surveyed the area. It was heartening to see that so many plots had been tilled in preparation for the approach of winter. Other plot holders had begun the ongoing task of tidying and reinforcing areas to protect crops from the usual animal visitors and from the inevitable frosts that are certain to appear. There was evidence of some impressive manure and compost heaps. I noted a huge pumpkin and a few leeks and sprouts still growing, but most of the produce has been gathered already.

If you have the opportunity to wander along the track do take a moment to admire the wonderful ghoulish spectre that has been transformed from 'The Covid Doctor'. Presumably altered to appeal to those who appreciate visitations at All Hallowe'en, the apparition is tightly cloaked in white and has an impressive full set of teeth, which appear to grin. Top marks to the comedian who allows us a chuckle in these troubled times. Personally, I found the apparition hilarious!

Plans for the approach of Christmas and the year ahead? I suggest snuggling down on a dark and chilly evening with a seed catalogue in front of a heartening fire! I'm not sure how long we'll be able to enjoy that though, what with global warming still on the agenda!

There are quite a few small vacant plots available at a peppercorn rent. If you are new to the area and unfamiliar with the position of the allotments, they are opposite the cemetery. There are many advantages to having an allotment: no pesticide use, easy parking, access to water and the ability to have a 'green gym' experience, whilst also having an amazing view too. Last, but by no means least, the folk are friendly and helpful if you would like some advice.

Please contact Liz Carter if you wish to take on a plot: lizcarter261@btinternet.com

Lesley Owen

UPWOOD COMMUNITY ORCHARD

The wonderful autumn weather has allowed us to not only create two wild-flower 'smiles' in the Community Orchard, but also to plant up two other established wild flower areas, one with collected wild flower seeds and the other with phacelia, all of which should attract bees, butterflies and other insects next year. Volunteers turned out on a Sunday morning to rake the ground, scatter seeds (the fun bit) and then tamp down the area and water it. I am pleased to report that two weeks on and many of the seeds have already germinated.

Some daffodil bulbs have finally been replanted in one selected area, the ground being so hard it has been impossible to dig the holes necessary anywhere else. Instead, small tubs have been filled with compost and the smaller, tete a tete daffodil bulbs have been planted in them to give a good display in the spring beside the wooden seat and at the entrance to the Orchard. As soon as the ground softens up, the remainder of the bulbs will be planted although they may be a little late in flowering next year!

Our thanks to Esther for refurbishing the Community Orchard sign which has now been varnished and is ready to face the winter weather. A big Thank You also to Karen and Neil for the donation of a bale of wild flower meadow hay from one of the Cambridge colleges – my grand-daughter is looking forward to helping this weekend to shake out the seeds (onto a bed-sheet) and then creating another 'smile' bed in the Orchard.

However, here is our exciting news: We have been awarded a grant from the Ramsey Wind Farm Community Fund, via Grantscape, to replace the raised beds which have been slowly disintegrating over the past couple of years. One had to be dismantled back in the spring and another has been propped together without much success. The main problem has been the rotting off of the wooden supports inside the bed. The new beds will be wood effect, recycled plastic supplied by a local company so minimal transport needed. They should be in place and planted up by early Spring. Volunteers will be called for in the near future to help dismantle the old beds, remove the soil (to be recycled where appropriate) and temporarily rehome the herbs over the winter. A planting plan is being devised for the new beds to include scented perennials and colourful annuals – cuttings and seedlings are already been grown – my greenhouse 'over-floweth'!

If you would like to become involved with the Community Orchard, either to help with the raised beds, or looking after a tree, do get in touch with me, Liz Carter, on **813008** or email **busylizzie399@gmail.com**. The Upwood Community Orchard is run entirely by volunteers and funded through donations and fund-raising events.

Liz Carter

The museum is now closed to visitors until April because of the short days and adverse weather.

Our last event was Plough Day on the 3rd October. Although the weather did not look promising it was good on the day and we had one of the most successful Plough Days for many years. We are already planning for next year. We are hoping to run a Fen Fair together with the 1940's group and to host the Ramsey Carnival. We already have the 'Miniature Steam and Fire' weekend planned and of course we will have Plough Day at the end of the season. We will keep you informed of other events as they develop.

Although the museum will not be open to the public this is, perhaps, the busiest time for the volunteers. We have displays to refresh, new displays to develop, maintenance tasks to complete and conservation of artefacts to carry out. This means that we need more volunteers. If you think that you could help, please consider volunteering. You do not have to attend regularly but only give the time that you have available. We can utilise any skills that you can offer us.

If you would like to help and join our friendly group, please contact Ian Gaunt **710702**; ian.gaunt@care4free.net

RAMSEY AND DISTRICT GARDEN CLUB

At long last we were able to get back to our meetings at the Ramsey Community Centre in October when we had a fantastic talk on roses by Ian Limner from Beale's Roses. In November we were given a photographic tour of the botany of Cyprus, Sicily and Sardinia. We also held our Annual General Meeting when our new committee and show committee were elected.

We do not have a meeting in December but the meeting in January (17th) will be special with a celebrity speaker. The speaker will be Nick Bailey from Gardener's World who will give a talk on 'How to breathe life, style and good health back into a tired garden'. The talk is free to our members and visitors are welcome to attend this talk at a cost of £5. Since we need to control numbers to ensure safety booking is vital. This can be done by contacting Wendy Hopkins or Gina Randall;

Wendy Hopkins:- wahopkins@aol.com or **711760**

Gina Randall:- ginarandall@gmail.com or **71107**

The club meets at the Ramsey community centre at 7.30pm on the third Monday of the month. There are talks on a range of gardening topics and, Covid19 allowing, trips to gardens are arranged.

For further information about the club contact Ian Gaunt: - ian.gaunt@care4free.net or ring **710702**

ST. PETER'S CHURCH

There will be no Service at St Peters on Christmas Day.

It has been a real pleasure gradually to return to a more normal pattern of worship in November. Our organ has been back in use, with Katherine, our organist back at the keys. On the fifth Sunday of October we had a special Benefice Service to celebrate the festivals of All Saints and All Souls, which involved congregations from all three churches with organist Neville and the choir from St Thomas a Becket. It was particularly poignant this year as many members of the congregation had been unable to attend the funerals of loved ones who had passed away during the Pandemic. A number of flower arrangements had been put in the church in memory of friends and family and a list of names of some members of all three congregations was read out. It would appear that this service was felt to have been very well received and might well be repeated next year.

As we have had to have the doors left open, we have not been able to measure the effectiveness of the new heating system but we look forward to a much warmer time this winter. Unfortunately, we have lost the beautiful pots of flowers which have lined the path since the beginning of Spring. Again, our thanks must go to Peter Haddon for the wonderful path-side display, and to the Parish Council and their contractors for keeping the trees safe and healthy, along with maintaining the churchyard so well.

We are so very sad not to be able to hold the Christmas Tree Festival this year but we hope very much that the Church will be lit with its usual Christmas tree and Christmas lights. We hope to welcome as many of you as possible to the Carol Service on December 19th and the Midnight Communion at 11-30pm on Christmas Eve.

At present everyone is asked to wear masks when entering the church and moving around. Once in the pews masks may be removed; however, things may well change between now and Christmas!

Jo Paxton

Answer to the question set on page 4

The Harry Potter pumpkin, made by Paul & Esther Rowley, was sited outside the Book Exchange, on the High Street, Upwood village. One very interested feline visitor is caught on camera thinking about taking a bite!
