## PARISH COUNCIL

A meeting of the parish council was held on Monday 4th September 2017 at Upwood Village Hall.

The first parish council surgery was held at the Village Hall on 9th September from 2pm until 3.30 pm. Unfortunately, this coincided with a very heavy storm over Upwood and the torrential rain discouraged any visitors. This is an opportunity for residents to meet with councillors to discuss their issues and concerns in a less formal setting than a full council meeting and without a time limit. Please come to the next one on 14th October at the same time.

Councillor Tew has met with Sergeant Street regarding ongoing problems of anti-social behaviour on the Upwood Airfield site. Demolition will not take place until a developer has been identified to realise the plans for 160 new homes.

Councillor Tew also informed members that whilst local police officers will continue to be based at Huntingdon Police Station, they will have access to welfare and computer facilities at Ramsey Fire Station in the near future (there will be no permanent police presence at the site and it will not be a combined police/fire station). Councillors approved grants to Upwood Village Hall and to the parish newsletter to help with operating costs.

It was also agreed that application will be made to the Local Highway Initiative 2018/19 for funds to purchase and install sites for a speed indicator device (SID) This temporary vehicle activated sign can be moved to different locations within the parish as required. It is designed to change drivers' speed behaviour by giving an actual speed of the approaching vehicle.

Councillor Smith and Councillor Nel reported on their attendance at a draft consultation meeting relating to Huntingdonshire's Local Plan up to 2036. They agreed that it had been informative and stressed the need for all to engage and comment on such consultations. Councillor Nel confirmed that she had commented on the lack of infrastructure planned to support new development in Ramsey and Bury. These developments, although in neighbouring parishes, will have a direct impact on through traffic in Upwood and the Raveleys. The consultation is now closed but will be re-opened for a two-week window in October.

Discussions are ongoing regarding the provision of an external cabinet to hold the community defibrillator. This is being investigated and will be reviewed again at the next meeting on 2nd October. Please visit **[www.upwood.org](http://www.upwood.org)** to view or download the minutes.

*Councillor Howard Smith*

## TABLE TENNIS CLUB

Attendance has been good for Tuesday evening sessions throughout the summer but down on Wednesday afternoons. We are as much a social club as a Table Tennis club with many extra-curricular activities subsidised by club funds.

The annual singles tournaments will be held on 7th and 14th November when the ladies and gents compete for the trophies currently held by Pauline Williams and Phil Manning. Coaching continues every month on the second Tuesday for those who want it.

Table Tennis is an ideal sport for all ages which provides lots of fun and keeps you fit at the same time. If you would like to try your hand with the bat just turn up any Wednesday from 2pm or Tuesday from 7.30pm and see whether you like it. The club charges £2 per playing session with an annual membership fee of £10.

## CHARITY SWIM BY SAMUEL DAVIES

On Sunday 20th August, Samuel Davies, a pupil of Upwood Primary School completed a charity swim supported by Ramsey Leisure Centre.

Samuel, age 10, lost his Great Uncle Malcolm in April of this year after a short brave fight against cancer. Soon after losing Malcolm, Samuel announced that he wanted to swim a mile in memory of his uncle to raise funds for Wells-next-the-Sea, RNLI Lifeboat Station. Although Malcolm Smith, originally from Ramsey, had lived most of his life inland this charity was close to Malcolm's heart and to

which he dedicated 40 years of service. Samuel was supported during his swim by friends and family and completed the 1 mile swim in 53 minutes. Samuel's efforts have been rewarded by raising an amazing £2,050 (including Gift Aid) so far!

Wells-next-the-Sea RNLI is going to replace their Mersey Class Lifeboat with a new Shannon Class Lifeboat. An entirely new Lifeboat House is needed to accommodate the larger boat and Samuel's sponsorship money will be put towards this.

If anyone would like to sponsor Samuel retrospectively please contact his grandparents Margaret and Geoff Carrington on 812925.

**This is YOUR parish bi-monthly newsletter. Articles and photos from parishioners are always welcomed by the editors. Please send your contributions to us at [upwoodnl@hotmail.co.uk](mailto:upwoodnl@hotmail.co.uk)**

## RAMSEY AND DISTRICT GARDEN CLUB

The Annual Show in July was a great success with a record number of entries and entrants. During August, the Club made a visit to Abbots Ripton Hall Gardens for a guided tour led by the head gardener, Gavin Smith. The meeting in September was a talk by Graham Benefer on Bonsais.

The programme for the remainder of the year is:

- |            |                    |                         |
|------------|--------------------|-------------------------|
| • 16th Oct | Peter Walker       | Fungi                   |
| • 20th Nov | AGM + Richard Gant | National Plant Heritage |

The regular meetings are held in the Ramsey Community Centre at 7.30pm on the third Monday of most months. Visitors are welcomed at a cost of £2 per meeting while the subscription for membership for a year is £10.

For further information please contact **Ian Gaunt 710702; [ian.gaunt@care4free.net](mailto:ian.gaunt@care4free.net)**.

**HOME TO HOME**

The holiday season is drawing to a close and our autumn/winter programme started with the September meeting which was a fascinating talk by Pat Wallace Pope telling us all about kilt-making.

The meeting on 30th October will be devoted to preparing decorations for our Christmas tree ready for the St.Peters' Church Christmas tree festival. On 27th November, one of our members, Robin Singleton will be giving a talk called 'A Year in the Falklands'. On 11th December, we will have a seasonal activity, details to be confirmed.

Visitors and new members are always welcome at all our meetings which start at 7.30pm in the village hall. Further information contact **Josie on 710702;** [josephinegaunt@gmail.com](mailto:josephinegaunt@gmail.com)

## RAMSEY RURAL MUSEUM

We are rapidly reaching the end of the season as the museum closes to the public at the end of October. This does not mean that we have nothing to do. There is still a lot of maintenance, repairs and reorganisation of the displays to do.

We shall close with a Food and Craft Fair on 29th October. In the meantime, the museum is open to the public on Thursdays (9.00am to 5.00pm) and in the afternoons (2.00 to 5.00pm) on Saturdays, Sundays and bank holidays. Even if you have visited the museum previously, we have so many exhibits that you are likely to find something new or that you missed. Our big event, the plough day and country fair was held on 24th September. There were ploughing competitions and ploughing demonstrations including heavy horses. In addition, there were also many craft and other stalls plus a display of classic vehicles.

In addition to the normal opening times, group visits can be arranged at other times. The facilities of the museum can also be used for parties, wedding receptions, meetings, photography sessions etc. Volunteers are prepared to visit groups to give talks about the museum. The museum is run entirely by volunteers and we always need new helpers. We can use any skill including administration and publicity, site and building maintenance, artefact conservation and restoration and display. If you would like to join our friendly group, please contact **Ian Gaunt on 710702 or [ian.gaunt@care4free.net](mailto:ian.gaunt@care4free.net)**.

## UPWOOD QUILTERS

Upwood Quilters meet on the last Tuesday of the month in Upwood Village Hall. Our meetings run from 1.30pm to 4pm.

Despite its name the members of the Quilt Group actually work on a range of crafts on a Tuesday afternoon. These range from knitting and tatting to embroidery, sewing and even quilting! We are a very friendly group of ladies who enjoy meeting up to exchange ideas, show off our latest creations and generally learn more about the world of craft. There is always a warm welcome for members and visitors alike. If you are interested please contact **Margaret on 814031**.

## LIFE IN THE ANTARCTIC

Upwood man Connor Grange has recently returned home after a third season of working in the Antarctic at the British Antarctic Survey base at Halley Bay. This is his account of his experiences there.

## MY ROLE AT HALLEY AND RELOCATION PROJECT

My role at Halley is a surveyor. My duties include annual raises of the modules, comms towers and science cabooses. This work is carried out regularly due to the annual snowfall on the shelf, which is approximately between 1.2 and 1.4 metres. All infrastructure on the station is either movable or can be raised. If this was not the case buildings and towers would be buried within years. That mistake was made when Halley III was built in 1973. This season at Halley,

was very different. A crevasse in the ice shelf has appeared and is accelerating rapidly. This means that the station needed to be moved 25km further in from the coast, otherwise Halley could have found itself floating around on an iceberg. The modular buildings are mounted on skis. This allows them to be moved when needed.

## ABOUT THE STATION AND SCIENCE AT HALLEY

The base sits on the 150m thick Brunt Ice Shelf, and is the sixth such UK facility to be erected at this location since 1957. Halley gathers important weather and climate data, playing a critical role in the research that identified the ozone hole in 1985. Recently, Halley has also become a major centre for studying solar activity and the impacts it can have on the Earth. Temperatures at Halley during the summer season (our winter) can range from 0C to -20C, however during their winter months there's complete darkness

for over 4 months and temperatures can drop to  $-55^{\circ}\text{C}$ . Pictures of Halley usually only show the blue and red modules (picture on left), however there are also many science cabooses (portacabins on stilts) dotted around the station. These gather vital research that is shared among the international science community.

Halley is also a stopping point for polar air travel.

### **ARRIVING AT HALLEY**

Arriving is a huge logistical challenge. A team of existing staff at Halley head out to find a nice sturdy piece of ice for the ship to moor up. It then takes up to 2 weeks to unload the ship's cargo. However due to the relocation season, air freight cargo is also needed. Everyone who works at Halley is required to help with unloading and work shifts of 12 hours to get everything to the station as quickly and efficiently as possible.

### **STATION LIFE**

We usually have to create our own entertainment around the station and often we find ourselves binge watching our favourite box sets and movies. At weekends, the field guides arrange a variety of activities including Ice climbing, abseiling and trips to see penguin colonies. Nearing the end of the season, the annual folk night is held. People get the chance to show off their talents, or in my case, having enough beer to do a Johnny Cash impersonation!! Recently it was noticed, only by somebody spotting it from a plane window, that a second crack had appeared on the ice shelf (pictured right). As the season progressed so did the crack, measuring over 44km in length and continuing to grow at an alarming pace (*continued on next page*).

## LIFE IN THE ANTARCTIC (CONTINUED)

Around mid-January the decision was made to not winterise the station. This would mean no staff would be staying at the station over the Antarctic winter period. We plan to reoccupy the base in November 2017.

## HEADING BACK TO CIVILISATION

Departing Halley, our voyage requires us to pass through the infamous 'Drakes Passage', one of the roughest stretches of sea on the globe. Finally, after many days of constant sea sickness, we arrive at the Falkland Islands. After a couple of days touring the Falklands the time comes to catch an MOD flight back to Brize Norton. I now find myself eager to get straight back, the place really does get under your skin and is truly like nowhere else on earth.

*Connor Grange*

## UPWOOD CRICKET CLUB

**Adult Results:** The League has now finished and Upwood 1sts have been confirmed in third place in Hunts League Division 3 and thus one place outside the promotions spot. Unfortunately, the final game of the season was called off after just 3 overs following a 20 minute deluge of rain which saturated the square and outfield at Hampton.

This was the only game called off all year by the weather. The seconds finished 7<sup>th</sup> in the Hunts League following a generally pleasing season particularly with the bat. The final game of the season at home saw them facing the champions Sheikh XI for the 2<sup>nd</sup> year in a row. Upwood posted a commendable 206 -7 off 40 overs. Sheikhs' batting was far superior to their bowling and fielding and they cruised home with just the loss of 4 wickets (3 of them falling to the in-swingers of Upwood debutant Casper Todd).

**Junior Tournament Success:** Following a couple of developmental years, the Under 9 Wagtails team finished the year unbeaten and so joined other teams at the finals day tournament at Eaton Socon on 3rd September. All the youngsters performed magnificently resulting in them finishing runners' up behind a well drilled Eaton Socon team. There were some notable performances: with the bat from Daniel Gibb; George Tuffin and Ewan Hamilton with the ball and some great catching from Lilia Milner. Moreover, the Player of the Tournament, chosen by Kevin Clement from the County Board, was awarded to Upwood's Sophie Lawrence! This result was well deserved by all the under 9 players who played throughout the year.

**AGM:** This will be held on Friday 13th October at 7.30pm at the Upwood CC Clubhouse. If you are interested in maybe joining, or think you could help out please contact **Neil Tuffin** on 812924; [npe.tuffin@gmail.com](mailto:npe.tuffin@gmail.com)

## **ST PETER'S CHURCH**

Our church is always open during the day and all are welcome to our services. Details of services are displayed on the Church noticeboard adjacent to the gate. Every Wednesday at 8.30am there is a short service of Morning Prayer which lasts for 15 -20 minutes. We always welcome suggestions for how we can better serve our community.

**Welcome to Upwood:** We have welcomed our new curate, Becky Dyball and her family to our Benefice Churches. Her 7 year old son is attending Upwood Primary School.

**Harvest Service:** The church was beautifully decorated for harvest time and our thanks go to those responsible for the flower displays. Becky gave a lovely service and how charismatic those two little helpers were, carrying the donations of goods to and from the altar. These were delivered to the King's Ripton Court in Huntingdon (a homeless service run by the Salvation Army), who were grateful for the donations.

**Christmas Tree Festival:** Our annual Christmas Tree Festival will be on Saturday 16th December from 10am-4pm. If you would like to decorate a tree for this event, let me know in good time so I can organise the display positions in the church. For the programme, I will need the person/group responsible and the name of the tree. There will be children's activities and of course non-alcoholic mulled wine, mince pies and cakes, as well as St Peter's Handbells playing. Further information, please contact **Anne-Marie 812195 or [annemarie.upwood@btinternet.com](mailto:annemarie.upwood@btinternet.com)**

**Weddings:** This summer we have celebrated 4 weddings at St Peter's. The first was in June on the 17th when Ben Fryer married Alice Edwards (one of Ivor and Connie's grand-daughters). Then we had two weddings in July, the first was Peter Kolakowski and Gemma Bonnett who were married on the 22nd (they live at Providence Place, Huntingdon Road), and on the 29th James Ellis and Victoria Perkins were married (Victoria is one of Elizabeth and Michael Perkins grand-daughters). Finally, on 16th September Nicholas Rance and Ellen Broom were married, both bride and groom are chimney sweeps. We wish all the couples the very best for their lives together. There has not been a wedding held in St Peter's since 2013 so it was nice to have 4 weddings to celebrate. We already have one wedding booked for next year.

**Wednesday Morning Breakfast Club:** When Hayley stopped the coffee mornings at the Cross Keys in August, we were all very disappointed. We had enjoyed going over to the pub after Morning Prayers, having breakfast and a chance to chat to folk. So, we have started having breakfast, coffee and tea at the village hall on a Wednesday after Morning Prayer. Everyone is welcome to come along, we are open just after 9am to 11am, serving bacon or egg baps and toasted teacakes, with coffee or tea. At the moment, this is being run for a trial period but if well attended it will become a regular thing.

## UPWOOD AND THE RAVELEYS HISTORY GROUP

The July meeting was enthralled to listen to Clive Beeke talking about the closing over of the Great Whyte and recent renovation works which have been taking place on the tunnels' roofs, built between 1852 and 1854 using 2,000,000 bricks. Members were amazed to see the intricate standard of brickwork that lies under Ramsey's streets – the builders obviously weren't daunted by the fact that their craftsmanship was unlikely to be seen by many people. Clive described what the Great Whyte looked like before it was covered over and showed us on a large map where certain buildings, including shops and pubs, were located. He also informed us that the original mechanism of the town clock was driven by the flow of the water through the tunnels.

In September Maureen Jones regaled us with tales of the old Fenland storytellers while on 15th November Mike Petty is our speaker and his talk is entitled 'From pony to guided bus'. This talk comes highly recommended so do come along and hear how the transport system in Cambridgeshire has advanced over the decades.

On 17th October member Mike Quincey is organising a trip to Denny Abbey. If you are interested in joining the group please contact Mike by email: [mquincey@hotmail.com](mailto:mquincey@hotmail.com)

This is a very friendly group and visitors are always welcome. We meet on the 3<sup>rd</sup> Wednesday of alternate months (January, March, May, July, September and November) and meetings start at 7.30pm. Do come along and find out for yourself.

## 15th OCTOBER 2017 - OLD £1 COINS CEASE TO BE LEGAL TENDER

shutterstock · 142286737

**Old Coin**

**New Coin**

The old, round £1 coins cease to be legal tender on 15th October, 2017. For a short time after this date they can still be exchanged at a bank. The emphasis seems to be on '*short time only*'.

Now is the time to go through those purses, pockets, bags and secret stores of £1 coins for car park and vending machines. Many vending machines have already been converted to take only the new 12 sided coins and will no longer take the round coins.

## UPWOOD PRIMARY SCHOOL NEWS

The children have all started their new year with enthusiasm and excitement for the new topics. This term, the whole school is looking at 'Heroes and Villains' - each Year group is looking at a different time in history, for example: Romans, Vikings and World War II, and linking this to many different aspects of the curriculum. At the end of the term, we will be dressing up in costumes linked to the respective period of history to really get into character.

For Harvest, children in Year 2 and Year 4 will be taking part in a Harvest Festival service at St. Peter's Church. Some of the children will be visiting Manor House to give Harvest cards to the residents. In a few short weeks, we will begin our Christmas play rehearsals, with a combination of singing, dancing and acting to create our festive performance. Every child in the school will be taking part and hopefully some of the parents too - exciting times to come!
