<p>Notes: All clerks whose councils seek a Local Council Award, are required to demonstrate that they have achieved at least 12 CPD points in the 12 months immediately preceding the council's application for an award. CPD activities carry a specified number of points and include studying for qualifications; attendance at conferences and courses; and reading relevant publications. Clerks also learn from undertaking new activities and from contributing to the development of the sector. The CPD scheme is a product of the National Training Strategy.</p>
